ANNUAL BUDGET

Fiscal Year Ending
June 30, 2017

Mayor Stephanie A. Miner

MESSAGE FROM THE MAYOR

April 8, 2016

Fellow Syracusans:

Pursuant to Article VI, Chapter 1, Section 6-102 of the City Charter, I hereby transmit to you the budget I have approved for the City of Syracuse and the Syracuse City School District for the period of July 1, 2016 through June 30, 2017.

Overview:

The City will continue to face financial challenges in the year ahead. To provide the level of services required in our community, the use of reserves was again required to structurally balance both the City and School District's budgets. This will be the fourth consecutive year the City has used reserve funds to balance its budgets. An infusion of new revenues through growth or an increase in state aid is essential to stay fiscally sound and stem the use of these reserves in future budget cycles.

The City and the School District are projecting the use of reserves in the amount of \$12.1 million and \$10 million, respectively. Total City reserves at the beginning of FY 2016 are \$58.7 million. Reserves will decrease to \$55 million with the projected use of \$3.7 million for 2015-2016. The addition of \$12.1 million in this budget as presented will bring it further down to \$42.9 million. The School District reserves at the beginning of FY 2016 stand at \$43.8 million.

The 2015-16 budget contains a total appropriation of **\$706,576,926**. Of this amount, **\$288,636,310** (41%) funds City operations and **\$417,940,616** (59%) is allocated to the Syracuse City School District. The City's budget will have an increase of 1.7% or \$4.9 million over the current fiscal year. The School District's budget will increase \$25.2 million or 6.4% over the current fiscal year.

The City tax levy will increase \$387,588 to \$34,315,624 due to an increase in assessed valuations on City property. The School District tax levy will increase \$695,174 to \$65,084,150 also due to an increase in assessed valuation on taxable property assessed on the School District.

This budget does not include a property tax rate increase or an increase in fees charged for water and sewer services.

City Revenues:

Sales tax, State AIM aid and property taxes comprise 80% of total City revenues. Sales tax growth will be .6%, which equates to an increase of \$500,000 to total \$85.7 million for FY 2017. State AIM aid will remain at its current level of \$71.8

million. AIM aid has remained at the same funding level for six consecutive years.

The City property tax levy will be \$34.3 million.

Other highlights on the revenue side of this proposal include:

- \$386,000 increase in total revenue received from Syracuse University. The Supplemental Service agreement will increase from \$500,000 to \$800,000 and the Neighborhood Service Agreement will increase from \$414,000 to \$500,000.
- \$2 million in building permits to account for City construction projects.
- \$5.6 million for payment of prior year's taxes and associated fees and penalties for increased efforts to collect from delinquent property owners under threat of foreclosure and transfer to the Greater Syracuse Property Development Corporation.
- \$1.7 million increase in State Highway Aid and the Traffic Control Center. Increased CHIPS funding for road reconstruction, street cleaning and new equipment. The agreement with NYS Dept. of Transportation will reimburse the City for employee wages, benefits and outside consultants used in our traffic control operations.
- \$516,000 decrease in Pilot revenues as older agreements expire and properties transition at full assessment to the tax rolls.

- \$500,000 increase in subsidies from Medicare due to transition into an EGWP- Employer Group Waiver Plan. An EGWP is a Part D prescription drug plan for retirees.
- \$350,000 decrease in revenues received from the CATV Franchise Fee and Utilities Gross Receipts Tax due to increase competition from other providers such as Direct TV and Netflix and lower energy prices due to lower costs for electricity and natural gas supplies.
- Interfund transfer increase of \$600,000 from the Water and Sewer Funds. This restores the funding back to 2014-2015 levels.

City Expenditures:

Higher costs for employee wages and benefits, including hiring new classes of Police and Firefighters, health insurance and worker's compensation costs along with increased debt service payments contribute to the overall increase in general fund expenditures. Total expenditures in the General Fund will increase \$5.8 million from \$239.8 to \$245.6 million in fiscal 2016-2017.

Departmental Expenditures

The City will see an increase of \$2.5 million or 1.6% in departmental expenditures from the 2015-2016 budget. This increase is primarily generated by increases in employee wages and salaries for those covered under negotiated labor agreement and increases in functional operating expenditures.

Pension Costs

The City's projected pension expense across all funds is estimated to be \$25.3 million. This represents a \$1.1 million decrease over the 2015-2016 budget. The contribution rates for both the Employee Retirement System (ERS) and the Police and Fire Retirement System (PFRS) peaked in FY 2015 and have decreased in the last two years.

FY 2017 will see a 2.8% decrease in pension contribution rates for the ERS system and .6% decrease for PFRS.

In addition, the last payment of \$650,000 to be made under the 2010 ERS Retirement Incentive Plan was paid in FY 2016.

Budgeted expenditures are based on salary and contribution rate projections provided by the New York State.

The City will continue to pay its pension obligations in full and will not elect to amortize payments currently allowed under the State's Pension Stabilization Programs.

Healthcare Costs

Healthcare expenditures for both active and retired employees continue to rise slightly across all funds. The City spent \$44.8 million for the fiscal year ending June 30, 2015 and is projected to spend \$45.9 million in the current year. The estimate for 2016-2017 is \$48 million.

Trend assumptions, healthcare inflationary factors and the rise in the use of specialty drugs have all contributed to this increase.

Since the City is self-insured for all healthcare costs, including medical, dental and vision it has no control over the amount or the severity of medical claims. These costs will continue to rise as active employees become retired employees and new employees are hired to replace them. Any achievement of

future cost reductions will require a change in plan design which must be negotiated with the labor unions.

There are currently 8,412 participants in the plan.

Expenditure assumptions include:

- \$1.0 million in payments to CNY Community Foundation for the commitment to the Say Yes to Education Foundation.
- \$1.1 million increase in salaries and wages for employees under negotiated contracts.
- \$1.5 million in continued funding of the Land Bank through the Greater Syracuse Property Development Corporation
- Continued funding as in prior budgets for Trauma Response, Literacy Coalition of Onondaga County, Tomorrow's Neighborhoods Today, and the Onondaga Historical Association.
- \$500,000 commitment to improving neighborhoods for housing demolitions.
- Judgment and Claims account will continue to be budgeted at \$1,000,000.
- \$0 in allowances for negotiated wage increases. As of January 1, 2016 all bargaining units are operating without a contract. Firefighters Local 280 has been out of contract since January 2015.

- Cash Capital spending at the recommended 2016-17 level of \$3.5 million per the approved City Capital Improvement Plan.
- \$1.6 million increase in transfers to the Debt Service Fund to account for current principal and interest payments on bonded debt due in the coming year
- The Office of Innovation has added a new Chief Data Officer who will work across all departments using data to drive decision-making and assist in making processes more efficient and effective.

Mid Term Update

The mid-year report for 2015-16 that was filed with the Council on March 15, 2016 reported an adjustment in the amount of budgeted sales tax for the year. The projection was revised from \$85.2 million to \$84.3 million. The April 4, 2016 sales tax receipt of \$12,674,616 was lower than expected. The cumulative effect to date is a budget shortfall of \$1.6 million. There are two additional payments to be made before the fiscal year ends.

Special Funds:

The 2016-2017 budget requires no increase in the water and sewer rates. The current revenues generated by each fund are sufficient to sustain operations.

The Aviation Enterprise Fund currently accounts for all reimbursements between the City and the Syracuse Regional Airport Authority (SRAA), an independent public benefit

corporation .Reimbursement is made by the SRAA for all wages and benefits of City employees who work at the Airport.

The City's General Fund will continue to receive these cost reimbursements for services performed and the amount of debt service to be paid on outstanding Airport bonds. All Airport bonds issued by the City remain the obligation of the City. The City recognizes as revenue these payments from the SRAA to the City.

The Downtown Committee and Crouse -Marshall Special Assessment rates will remain at the same funding level as in previous years.

City School District:

The School District has submitted a proposed budget of **\$417,940,616** that was voted by the Board of Education on March 14, 2016. This represents a 6.4% increase over the prior year. The proposed budget is balanced based on the assumption that the State legislature will fund an additional \$19.3 million in Operating Aid to the District. To date, the State has just released the school aid runs and the District is evaluating the effect on the proposed budget. Components within both the revenue and expense sections are expected to change to recognize changes in State funding, use of Fund Balance and to make related updates to expenditures maintaining a balanced budget.

These changes will be made through Council amendments during the Budget approval process.

The 2016-17 proposed budget continues the practice of using one time revenues including \$10 million in fund balance and \$31.7 million in State Chapter One Accruals.

This budget proposal includes the following highlights:

Revenue

Requested \$ 43.1 Million State Aid Increase to fund the following programs and initiatives:

- \$10.7 million for academic interventions and support
- \$5.0 million for programming, supports and interventions for English as a New Language (ENL) students
- \$3.0 million for implementation of Blended Personalized Learning
- \$2.0 million for Technology Support for the Smart Schools initiative
- \$4.1 million for Fine Arts Programming
- \$600,000 for School Security staffing and training
- \$2.0 million to continue expansion of Career and Technical Education (CTE) programs
- \$2.0 million in additional funding to fully fund all School Nurse positions
- \$4.9 million for new school choice options and to implement weighted student funding
- \$8.8 million to expand student transportation

Expenditures

District expenditures will increase 4.6 % or \$25.2 million in the following areas:

- \$13.4 million increase in Salaries and Benefits
- \$.3 million reduction in supplies and equipment
- \$ 7.5 million increase in Contractual Expenditures
- \$ 4.0 million increase in Debt Service and other expenses

Salary increases include wage increase rates for settled contracts and estimated wage increases for contracts in negotiation. The District is adding an additional 23.7 full time equivalents bringing the total number of full time employees to 3,677.

The Board of Education will be adopting its final budget at their next board meeting.

A tabular comparison of the 2015-16 and 2016-17 School budgets is displayed on page 301 of the budget.

Conclusion:

The City of Syracuse has made significant progress in addressing the reality of our fiscal challenges. Through innovative thinking, creative strategies, and making tough decisions, we have been able to save money and make important investments in our future. We have made much progress through right-sizing government, responsibly addressing our expenses, and investing in program priorities

that make our community stronger. We have been recognized by our credit ratings agencies for our efforts and rewarded with more affordable rates for bonding. There is still much work left to be done, especially when addressing our largest cost drivers: employee benefits, pensions, and state mandates. I look forward to continuing a productive, healthy discussion of these issues with the members of our Common Council and the people of our community in the fiscal year ahead.

As you begin your schedule of committee meetings and deliberations, I pledge my full cooperation, and that of my staff, to assist in your review.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephanie A. Miner".

LESS: UNCOLLECTED TAXES - CURRENT YEAR:

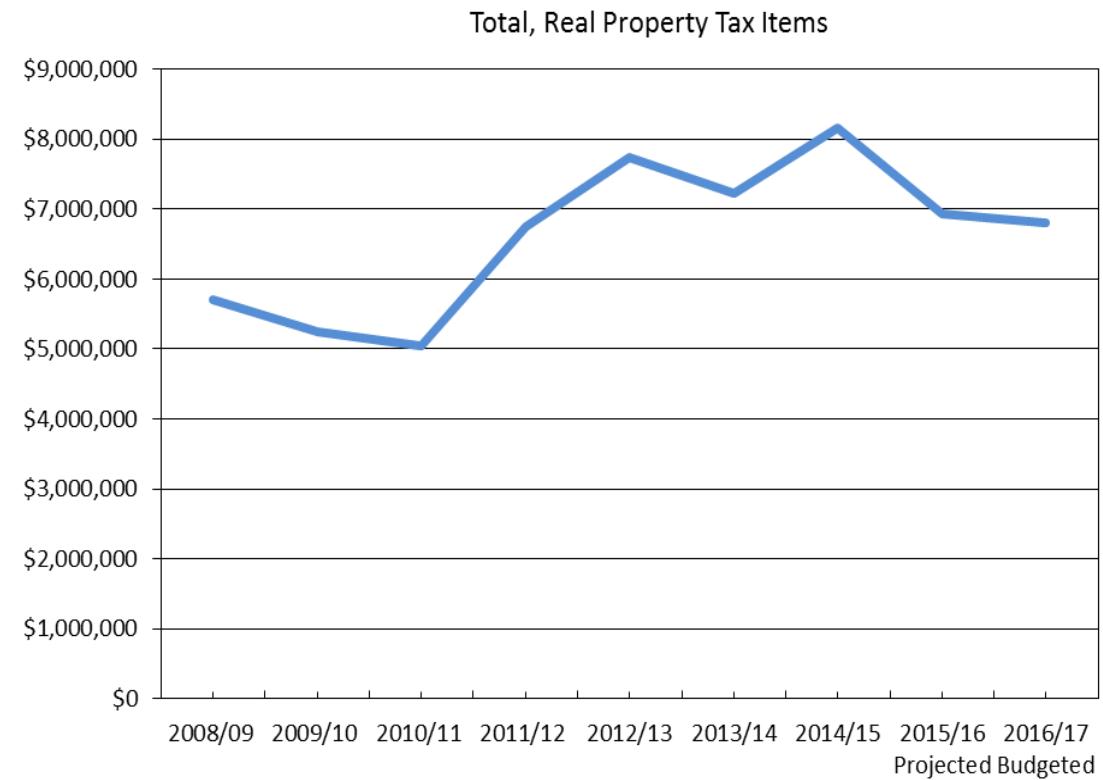

Beginning in 1989, the City started to budget for the uncollected portion of each year's combined City and School District levy, that was anticipated to exceed 1% of the tax budget already added individually to the City's and School District's tax budget as required by New York State Law. The inclusion of the Uncollected Taxes account was recommended by staff of the State Comptroller as part of the City's efforts to be more in compliance with State finance requirements.

SPECIAL LIGHTING TAX: Properties located in special lighting districts are assessed fees to cover the cost of installation and maintenance of specialized street lighting. Examples of districts include the Bradford Hills area, certain streets in the Westcott area and Armory Square.

ASSESSABLE IMPROVEMENTS: The City provides some services, namely sidewalk and vault reconstruction, and charges the taxpayer for these improvements on the tax bill. This account records the anticipated revenues for the year.

ASSESSABLE IMPROVEMENTS BUYOUT: Beginning each fiscal year, the General Fund makes various operating funds whole with regards to special assessments charged on the tax levy (e.g., unimproved street charges). This *negative* revenue represents the difference between the total special assessment taxes purchased by the General Fund, and the expected collections of these charges during the fiscal year.

PRIOR YEARS' TAX COLLECTION: This revenue account represents an estimate of prior years' City and School District taxes which will be collected in Fiscal 2016/17. The amount included in the budget is based on an average of recent years' collections. Prior to the 1994/95 budget, the amount used for Less: Uncollected Taxes Current Year was actually a combination of prior years' tax collection and the current uncollected. The 2016/17 Budget displays both components, showing two gross amounts instead of one net figure.

TAX FEES AND PENALTIES: These payments represent late fees and delinquency penalties for City property taxes, which accrue at 1.5% per month for current year's taxes (with an annual maximum rate of 12%) and fees from tax sales certificates which accrue at 1% per month. Also included in this account are proceeds from tax sale certificates. Tax sale certificates represent unpaid taxes from previous years that are filed as a lien on or about October 6th of each year.

PILOT - S.I.D.A.: Payments-in-lieu-of-taxes from development projects exempt from property taxes due to ownership by the Syracuse Industrial Development Agency, such as the Galleries and the AXA Towers. These PILOT agreements are on file in the Finance Department and typically are based on such factors as assessed value and rentable square footage. Includes only unrestricted income available to the City's General Fund.

C.A.T.V. FRANCHISE TAX: Time Warner Cable Inc. is assessed a 5% tax on gross receipts, payable in quarterly installments. The State assesses a fee based on the amount it needs to run the State Cable Commission, typically about .8%. The City receives the remainder for its purposes.

New York State receives 4% of these revenues, while Onondaga County currently shares the remaining 4% local tax with the City of Syracuse, and the suburban Towns, Villages and School Districts pursuant to a 2000 City/County agreement. In May 2010, a new agreement has been adopted that will govern the distributions for 2011 through 2020. Over the course of the decade, the Town, Village and School District shares will be significantly reduced. For the transition year of calendar 2011 only, the City will receive a reduced share of approximately 19.5% of the total. From 2012 onward, the City's share will ratchet up and then stabilize at approximately 24.47% of the total in year 2016.

AVIATION ENTERPRISE FUND APPROPRIATIONS

DEPARTMENT OF AVIATION

I. Program Responsibilities:

The Federal Aviation Administration, under the US Department of Transportation, effectively transferred the management of the Syracuse Hancock International Airport to the Syracuse Regional Airport Authority (SRAA) on March 1, 2014. While the City continues to own the airport property and buildings, it leases them to the SRAA. The Department of Aviation (DOA) under the direction of the Deputy Commissioner of Aviation continues to oversee 90 plus positions which include accounting/financial, custodial, maintenance, operations and trades. The SRAA is responsible for the safe and efficient operation of the airport. During calendar year 2015, 2 million passengers used the City-owned airport. There are 5 major passenger airlines, 15 commuter passenger airlines and 3 cargo airlines. The City also leases land and hangar space to one fixed-base operator (Landmark), land to one private hangar (National Grid), land to one cargo facility (Aeroterm) and additional land and space to several other airport and aviation related tenants and concessions. The SRAA operates and maintains Syracuse Hancock International Airport as a Federal Aviation Regulation Part 139 Certified Airport Facility. The facility encompasses 2,000 acres of land approximately 6 miles north of the City of Syracuse spanning 4 towns: Cicero, Clay, DeWitt and Salina. The SRAA in conjunction with the DOA maintains a 400,000 plus square foot passenger terminal, supports a private 100,000 square foot cargo facility , 8 miles of fence, 100 lane miles of pavement, 2,055 runway and taxiway lights, 5,100 parking spaces (including employee), hundreds of electro-mechanical devices and a fleet of fire rescue and snow removal equipment.
